WHO WE ARE

SEEK has evolved from being a domestic online employment classifieds business, to the largest global online marketplace, operating in 12 countries. SEEK is a diverse group of companies, encompassing a strong portfolio of businesses including SEEK Learning, SEEK Commercial and SEEK Volunteer.

MORE ABOUT US

We believe the key to our success is creating a work environment which is challenging, rewarding and inclusive. We are committed to making a difference to our community as well as to our company.

WHO WE'RE LOOKING FOR

We look for talented people who share 3 common traits:

Passion – for SEEK and our customers. It's the passion for making SEEK better than it was yesterday that makes our people unique and allows us to achieve great outcomes for our customers.

Judgement & Decision Making –

knowing when to think, when to act, and when and how to consult others. It's also about learning from mistakes when we don't get the outcome we're after.

Know their stuff – SEEKers want to continually develop their professional and technical skills in their field of expertise and are hungry to learn more.

INSIDER INFO

SEEK supports, and is committed to, diversity in all its forms. The SEEK Inclusion Council is a committee made up of employees who aim to ensure SEEK remains an industry leader in providing an inclusive environment, where individuals feel valued for their talent and free to reach their full potential.

SEEK continues to be an advocate and participant in the 'It Gets Better' project, and this year was incredibly proud to support and promote equal opportunity through the sponsorship of 'Bridegroom' – a heartfelt documentary on marriage equality.

WORKING HERE...

Brad Donovan
Workspaces Manager

I have been lucky enough to work for SEEK for over 7 years and have been accepted and never had to think twice about being exactly who I am since day one. We have a very diverse workforce, in my observation being an open and accepting workplace is just a natural part of SEEK's DNA.

What I like here at SEEK is that it's a bunch of passionate people from all levels wanting to do more in this space, it's not simply trying to tick the box or doing 'the minimum'.

I have approached our Executive team to support a couple of initiatives and not only did they agree to put our big brand behind it, they were genuinely excited and asked 'what more can we do'.
