Professional Services

WHO WE ARE

Aurecon is a leading, vibrant and global technical services and engineering consultancy that operates in robust expanding markets. Across global resources, transport, property, water and energy industries, our people are empowered to deliver our vision, foster human achievement, and enhance communities in partnership with our clients.

MORE ABOUT US

We provide engineering, project management and specialist technical services for public and private sector clients globally. The group, with an office network extending across 26 countries, has been involved in projects in over 80 countries across Africa, Asia Pacific and the Middle East and employees around 7,000 people. Our projects are diverse and recognised for engineering and technical excellence by independent industry awards internationally. Aurecon employs inspirational and energetic people. We aim to recruit

and retain the best talent in our fields. We encourage our people to live their ideas by challenging them with interesting work and giving them the support and autonomy they need to achieve their goals. We are thought leaders across a diverse range of specialisations, and encourage innovative thinking and ideas.

INSIDER INFO

Consisting of LGBTI employees and allies, Aurecon Pride provides advice and recommendations to our Diversity and Inclusion Leadership Team.
